

# Close to Me

## The Cure

I've waited hours for this, I've made myself so sick  
I wish I'd stayed asleep today  
I never thought that this day would end  
I never thought tonight could ever be this close to me Just try to see in the dark, just try to make it work  
To feel the fear before you're here  
I make the shapes come much too close  
I pull my eyes out, hold my breath and wait until I shake But if I had your faith  
Then I could make it safe and clean  
If only I was sure  
That my head on the door was a dream I've waited hours for this, I've made myself so sick  
I wish I'd stayed asleep today  
I never thought that this day would end  
I never thought tonight could ever be this close to me But if I had your face  
Then I could make it safe and clean  
If only I was sure  
That my head on the door was a dream But if I had your face  
Then I could make it safe and clean  
If only I was sure  
That my head on the door was a dream
