Cannon Fodder

Lunarave

I feel like someone's watching me
Don't know where the enemy is
The night brings bad dreams to my mind
Maybe the girl that's by my sidePotential killers extremely mauled
Machine gun fire all around
Into the eye of a hurricane
The ultimate endI got no power to survive
Empty thoughts of suicide
Psychotic wounds that never heal
You put the crown of thorns on meCowards in the grip of fear
A fox the chicken disappear
Creation of the lifeless rules, no returnAll my heroes fighting legions
Crucified in flames, cannon fodder
Rivers of red, Russian roulette
Gambling hypocrites, cannon fodderNo scream will ever intimidate
Upon the dark side of a man
Walk among the bursting grenades
Ghosts of Vietnam penetrateBurning towns up over there
Teaching freedom death parade
Snipers pointing accurate
Living on the edgeAll my heroes fighting legions
Crucified in flames, cannon fodder
Rivers of red, Russian roulette
Gambling hypocrites, cannon fodderI feel like someone's watching me
Don't know where the enemy is
The night brings bad dreams to my mind
Maybe the girl that's by my sidePotential killers extremely mauled
Machine gun fire all around
Into the eye of a hurricane
The ultimate endAll my heroes fighting legions
Crucified in flames, cannon fodder
Rivers of red, Russian roulette
Gambling hypocrites, cannon fodderAll my heroes fighting legions
Crucified in flames, cannon fodder
Rivers of red, Russian roulette
Gambling hypocrites, cannon fodder
