

Mess On a Mission

Liars

Cast out of culture
Compound of patience
Reel out rigor
Trash the book the films are based on.
I can't go long without assistance
I can't go far
Trash the book the films are based on. Facts are fact and fiction's fiction A mess on a mission Black savage, gotta
go
One out the costly will
One out the story's time
Facts are facts and fiction's fiction
Rich party, massacre
Crease out and tension though
If I could only see them Facts are fact and fiction's fiction A mess on a mission Facts are fact and fiction's
fiction We called you at the sÃ£Â£ (c)ance
But only doubts appear
I thought I lost you, though Facts are fact and fiction's fiction We call and messed it up
With our accomplices
My only question is how Facts are fact and fiction's fiction A mess on a mission Facts are fact and fiction's fiction
