

Don't Give Up On Me

New Kids On the Block

Baby don't you give up on me
You got to know you're my inspiration
Baby don't you give up on me
Don't you know you're my only sensation? When you hold me like this it feels so right
And baby when you touch me like this, it feels so nice
Girl, you're all that I need, you're all I want
Don't give up on me, baby, please [incomprehensible] It took a whole lotta lovin'
Kissing and a-huggin'
Ooh girl, you keep me burning
Hey girl, is this really be for real? Baby don't you give up on me
You got to know you're my inspiration
Baby don't you give up on me
Don't you know you're my only sensation? When you're calling my name, I go insane
And baby when you look in my eyes, I'm in paradise
Girl, you're all that I need, you're all I want
Don't give up on me, baby, please [incomprehensible] It took a whole lotta lovin'
Kissin' and a-huggin'
Oh you keep me burning
Hey girl, you know this is really for real Baby don't you give up on me
You got to know you're my inspiration
Baby don't you give up on me
Don't you know you're my only sensation? Baby don't you give up on me
You got to know you're my inspiration
Baby don't you give up on me
Don't you know you're my only sensation? Hold on, don't give up
Hold on, don't give up Baby, whenever you're near me this way
And darlin' I can't find the words just to say Baby don't you give up on me
You got to know you're my inspiration
Baby don't you give up on me
Don't you know you're my only sensation? Baby, baby, don't give up on me girl
Don't give up on me baby
Baby, don't you give up on me
I've got to, I've got to, I've got to have your lovin' baby
Don't give up baby, oh oh oh
Don't give up Baby don't you give up on me
You got to know you're my inspiration
Baby don't you give up on me
