Snow in Sun

Tracey Thorn

I was giving you down
took the train into town
yeah and the sun is shining brightly
though the snow is falling lightly to
Make me think of how brave you are
and how come are you straight so far
and why everything came upon
in my head of heart will know
that you will never without me
you will never leave without me
there'll be something good about me soon.
Like sun in the city snow
I was watching you sleep
I've been watching you dream
share it be the sack with trouble
I would never let you come to home,
This time baby will lose our home,
have the parking and all alone,
I should have wrote and I should have known
seen the dark clouds coming in,
but you will never be without me
and beside you never doubt me
there'll be something good about me soon
Like sun on the London snow
like snow in the London sun.
