## **Confessions**

## **City and Colour**

I've been up for days trying to find a way To write this confession down Seems every line I write's a mess At least this I'll admitFor what I've done I am not proud But there's no need to pretend No need for innocence I've got to be honest nowMy verdict has come in It says, I'm guilty for my sins this time I thought I could escape But then I finally felt the weight of my crimesIt's passion, it's not love

Infatuation never ends up right

At least I won't be alone tonight'Cuz I don't want to be alone tonightThe prosecution rests with convincing evidence

> But it seems I've been deceived So now I stand alone and wait for the first stone To be cast upon meMy verdict has come in It says, I'm guilty for my sins this time I thought I could escape But then I finally felt the weight of my crimesIt's passion, it's not love Infatuation never ends up right Do, do, do, do, do, do, do, do, do, do Do, do, do, do, do, doAt least I won't be alone tonight 'Cuz I don't want to be alone tonight
