

# Guilty

## Gravity Kills

Behind closed doors your words ring hollow  
What you said they'd be  
What behavior? Who are you? But I like it  
Now I'm done with nothing new, sometimes green, sometimes blue  
And I'm guilty, and I'm guilty, and I'm  
guilty, and I'm guilty  
And you're guilty too  
Hey, hey, hey, I'm guilty and you're guilty too  
Hey, hey, hey, hey I'll tell you something, something new  
You're hearing nothing, nothing true  
You're killing me, I'm killing you  
And I'm guilty too  
One two three, I found you out so easily  
One two three, I found in you what I found in me  
The time is wrong, the time is right be careful who you kill tonight  
And I'm melting, and I'm melting, and I'm melting, and I'm melting  
And I'm melting in you  
Hey, hey, hey I'm guilty and you're guilty too  
Hey, hey, hey, hey, one and one and one makes three  
One and one why don't you see  
I'm killing you, you're killing me  
Can't you set me free?  
Inside out, I can't describe it, what you do to me  
Inside out, I cannot hide it, looking right through me  
Now I've reached the living end, pointing fingers to defend  
And I'm guilty, and I'm guilty, and I'm guilty, and I'm guilty  
And you're guilty too  
I'm guilty, guilty and you're guilty too  
I'll tell you something, something new  
You're hearing nothing, nothing true  
You're killing me, I'm killing you  
And I'm guilty too
