

I Need Love

[Rhino](#)

You light up like the stars in the sky
When we touch you come to life
And all we need is love love love
And all we need is love love And I just wanna feel
Like I'm gonna be here tonight
When all the lights come
Oh then it's just you and I Don't leave me alone I won't survive
Don't leave me alone defend my live
I need love I need love
I need love I need love tonight I just wanna feel
Like I'm gonna be here tonight
When all the lights come
Oh then it's just you and I Don't leave me alone I won't survive
Don't leave me alone defend my life
I need love I need love
I need love I need love tonight Don't leave me alone I won't survive
Don't leave me alone defend my live
I need love I need love
I need love I need love tonight
