

# City Is Ours

## Big Time Rush

The City is Ours x2Rollin' past graffiti walls  
Billboards lighting up the block  
Everyone one of us on a mission (Oh yea)  
Got a whole crew by my side  
Cars beep, beep when they pass us by  
We ready to get down to business (mm, mm)(Carlos)  
We pull up, open the door  
All the girls, scream there they are  
It's packed from wall to wall  
And, everybody is calling  
Here we come, it's almost time  
Feel the rush, now hit the lights  
We gonna get it all started(Chorus)  
Because the night is young  
The line is out the door  
Today was crazy but  
Tonight the city's ours  
Live it up  
Until the morning comes  
Today was crazy but tonight  
The city is ours (2x)(James)  
My, my look how we roll  
Was it only a month ago  
Everybody said we were dreaming (ooh ooh)  
Now we're here like, yeah we told ya  
Still far, but we're that much closer  
And there ain't no way that we're leaving (oh no)(Logan)  
We pull up, open the door  
All the girls, scream there they are  
It's packed from wall to wall  
And, everybody is calling  
Here we come, it's almost time  
Feel the rush, now hit the lights  
We gonna get it all started(Chorus)  
Because the night is young  
The line is out the door  
Today was crazy but  
Tonight the city's ours  
Live it up

Until the morning comes  
Today was crazy but tonight  
The city is ours (2x)(James)  
We gotta believe  
Its destiny calling  
So night after night  
We rock the whole place out  
As hard as it seems  
I know if you want it  
Then it's gonna happen some how(Chorus)  
Because the night is young  
The line is out the door  
Today was crazy but  
Tonight the city's ours  
Live it up  
Until the morning comes  
Today was crazy but tonightBecause the night is young  
The line is out the door  
Today was crazy but  
Tonight the city's ours  
Live it up  
Until the morning comes  
Today was crazy but tonight  
The city is ours (4x)(Kendall)  
The city is ours
