

# Slaves to the Grind

[Nasum](#)

Pulling the weight  
On our shoulders  
Finding the strength  
The lost will powerTurning the wheel  
Panting for new air  
Accepting the deal  
Staying strong for the slavesSlaves to the grindPushing forward inch by inch  
A slow and painful process  
Harder and harder, even faster  
A great and wonderful progressWe're pulling the weight  
We're turning the wheel  
We're slaves to the grindWe're finding the strength  
We're accepting the deal  
We're slaves to the grind
