

Echo (Remix)

K. Michelle

Echo

You did it to yourself
Now you're all by yourself
Acting like you hate me
I left because you made me
You played me to the left
Now there's nobody left
To hear your complaining
I'm gone and all you hearing is your own

Echo, e-e-echo

And I'm gone and you're all alone

Can't you hear the

Echo, e-e-echo?

No one to hear you

There's nobody near you

It started off great but who was to know

That love that is lost, cannot be let go?

You say it's my fault, okay, then I'll go

It's better to know

Now there's nobody to argue with

'Cause I'm not home

Don't care who you're with

Don't call my phone

Or did you forget

You know you're wrong?

I'm gone and you're all alone

Hearing your own damn

Echo, e-e-echo

And I'm gone and you're all alone

Can't you hear the

Echo, e-e-echo?

Nobody near you

There's no one to hear you

Disgusted with trust

I'll trust no one no more

Just went with the flow

Found myself on the floor

When you went away

All my pain went astray

Like it's a new day
Now I have no one to argue with
'Cause I'm not home
Don't care who you're with
Don't call my phone

Or did you forget?
You know you're wrong
I'm gone and you're all alone
Hearing your own, damn
Echo

Hearing your own, damn echo
No one is near you
No one can hear you
It's your own damn
Echo, e-e-echo

No one to hear you
There's nobody near you
All night long, I thought to myself
Why would I stay with you?

Realized that you were the one who had issues
So why would I miss you?
To argue with 'cause I'm not home
Don't care who you're with
Don't call my phone
Or did you forget?

You know you're wrong
I'm gone and you're all alone
Hearing your own damn
Echo

It's just you and your e-e-echo
It's just you and your
I hope you're talking alone
It's just you and your echo
It's just you and your e-e-echo
There's no one to hear you
There's nobody near you
Just your own damn echo
Your own damn e-e-echo
Echo, e-echo

Echo, e-e-echo, echo, e-echo
To argue with 'cause I'm not home
Don't care who you're with
Don't call my phone
Or did you forget?

You know you're wrong
I'm gone
