

Over Joy

Steven Page

Tell me the truth
Is there nothing I can do?
To escape this feeling blue
Except for leaving?Tell me a lie
Like we're never gonna die
Like we'll win with one more try
Or like I love youI am falling
I know you feel it
I am calling
You'd best not heed it
My depression
Has got me choosing doom
And gloom
Over JoyWhere did we fail?
its not simple; there's no trail
We can't trace our step and sail
Back where we startedYou're not to blame
And it's nothing we can name
We'll just hang our heads in shame
BrokenheartedI am falling
I know you feel it
I am calling
You'd best not heed it
My depression
Has got me choosing doom
And gloom
Over JoyI know it's hard
I know it's not fair
But things get easier when
I'm not thereI am falling
I know you feel it
I am calling
You'd best not heed it
My depression
Has got me choosing doom
And gloom
