

Bullets To Spare

Dokken

The shooting's over, the smoke is clear
Another notch in my gun
Another round of ammunition
Before the damage is done She wanted this, I gave her that
She said she will
I took good aim, she felt no pain
When I started moving in for the kill 'Cause I've got bullets, bullets
Bullets to spare
I've got bullets, bullets
Bullets to spare My barrel's ready, my hand is steady
Tonight I'm ready for fun
I got my finger, it's on the trigger
Another night on the run She wanted this, I gave her that
She said she will
I took good aim, she felt no pain
When I started moving in for the kill 'Cause I've got bullets, bullets
Bullets to spare
I've got bullets, bullets
Bullets to spare She wanted this, I gave her that
She said she will
I took good aim, she felt no pain
When I started moving in for the kill 'Cause I've got bullets, bullets
Bullets to spare
I've got bullets, bullets
Bullets to spare 'Cause I've got bullets, bullets
Bullets to spare
I've got bullets, bullets
Bullets to spare
