

Song Of The Enchilada Man

Dean Martin

(background vocals)

Enchilada

(Dean)

I've got, I've got

All over town with a song

goes the enchilada man

Come gather round for the song

of the enchilada man

And for a treat good eat

there's nothing better than

Enchiladas, so nice and hot

Enchiladas, I've got I've got

(Background vocals)

Enchiladas

(Dean)

So nice and hot

Enchiladas

(Carmen)

I got I got

Say come along

come along

I'm the enchilada girl

Filling the air

of the song

I'm the enchilada girl

Come take a taste

of the stuff I make

like no one can

Enchiladas

I got I got

(Dean)

How do you make 'em

(Carmen)

First you take a chili pepper

then a little spice

throw a little salt in

(Dean)

That's nice

(Carmen)

Then a bit of tabasco
and a vinegar too
and lots of hot mustard
is good for you
(Carmen)

Another chili pepper
still like mad
take a little taste now
(Dean)

Not bad
(Carmen)

Little more tabasco
maybe a clove
(Dean)

Little gasolino
(Carmen)

Oh-that's for the stove
Enchiladas
so nice and hot
Enchiladas
(Jerry)

I got I got
My name is Don Fernand
I'm the enchilada king
I'll have you all understand
I'm really quite a thing
I make cheese if you please
that is positively EH
And for a treat try the meat
that is absolutely UGH
After you buy it
and try it
you'll say it's simply AH
Enchiladas
I don't know
Enchiladas
Oh hello
Little boy without a peso
There's no reason
for your sorrow
All you have to do
is say so
I will trust you
till tomorrow

Enchiladas
so nice and hot
Enchiladas
I got I got
(Dean)
Pay him with your lip and laughter
It's your happiness he's after
(Dean&Carmen;)
If you're happy we are too
(Jerry)
I'm with you
Enchilada!
(Dean&Carmen;)
All over town
with a song
of the enchilada man
(Jerry)
Enchilada
(Dean&Carmen;)
Come gather round
for the song
with the enchilada man
(Jerry)
Enchilada
(Dean&Carmen;)
Nobody else in the world
sings the way
we can
(Jerry)
Enchilada
(Dean&Carmen;)
So nice and hot
(Jerry)
Enchilada
(Dean&Carmen;)
I got I got
All
Enchilada
Enchilada
Enchilada
We got we got
