

# That's What Jesus Means To Me

[Lynda Randle](#)

That's what Jesus Means To Me You can take all my possessions....all the things that are so dear..  
all the precious gifts...that this old world can hold.  
But this love I found at Calvary...far exceeds my fondest dreams...  
Its a love ..that can't be bought..by this world's gold..(CHORUS)  
Then you ask me why I love him...why I choose to walk his way...  
Why I find his service sweeter ...every day...  
Its the only life worth living..He has made my world complete...  
Oh thats what Jesus means to me...Then each night around sundown...my little girl climbs on my knee..  
When the clouds of doubt ..will hover o'er...  
Then she whispers..."mommy I really love you"  
All my doubts seems so small.  
He has made our home a heaven..here below....
