

# Here We Go

## Shelter

Advisory - the following lyrics contain explicit language:

Just he uses love for sex  
And sure she uses sex for love  
And they're both hoping for the best  
I also have that dream you're thinking of  
If we place a blindfold on our eyes  
Iron and gold appear the same  
It's intense, hope that makes us try  
So, we go on and play the game  
And once again we get attached  
We think we've found the answer  
Here, here, here we go again  
Ran into many walls  
But I know I'll get that answer  
Here, here, here we go again  
We loved not wisely  
We loved not wisely but too well  
We're hoping she will be the one  
But we never learn from our mistakes  
And based on beauty, love soon dies  
Then we make our move to separate  
Yes, iron and gold appear the same  
But one is costly to obtain  
And I'll be the only one to blame  
But if I resist I know I'll gain  
And once again we get attached  
We think we've found the answer  
Here, here, here we go again  
Ran into many walls  
But I know I'll get that answer  
Here, here, here we go again  
We loved not wisely but too well  
We loved not wisely, not wisely but too well  
Yes, iron and gold appear the same  
But one is costly to obtain  
And I'll be the only one to blame  
If I go on and play the game  
And once again we get attached  
We think we've found the answer  
Here, here, here we go again  
Ran into many walls  
But I know I'll get that answer  
Here, here, here we go again  
Yes, here we go again  
Yes, here we go again  
Just when thought I went in

I could laugh for four, compel We loved not wisely  
We loved not wisely but too well
