Keep It Simple

Ronan Keating

Coming down
Coming down from all the high places
Hit the ground
So hard, forgot my name
A long way down
Fallen out, I've fallen out with the friends that I borrowed
Calling out
Shouting out from the well of my sorrow
Long way down
I was a long way down
I just want to be your man
I don't want another love
You're the one that helped me stand
When I thought about giving up
I just want to be your man
I don't want nothing else
So let's keep it simple
I was strong
So strong that the only one breaking
Moving on
Long gone cause my heart was waiting
For the one
You're the one
I just want to be your man
I don't want another love
You're the one that helped me stand
When I thought about giving up
Walk with you take your hand I don't want nothing else
So let's keep it simple
keep it simple
When I see you smile
It's through the eyes of a child
No bitterness surrounds me
This innocence inside
Is what keeps me alive
Simple things remind me
I just want to be your man
I don't want another love
You're the one that helped me stand

When I thought about giving up
I just want to be your man I don't want nothing else
So let's keep it simple
Keep it simple
keep it simple
keep it simple
