

Force Field

Alexander Courage

Today's escape will consist of a mask
I found it in a bargain bin
Why do you ask?
Rosy cheeks and a smile
There's no shame
In my game of denial
Don't you touch, move along
Keep your hands inside
Ask enough from afar, enjoy the ride
It don't get much better than this
There's the riff, here's the hook
Where's the myth?
Manning my stations
Taking control of the situation
Say hello to my force field
Beaten down on all fours
And they'll stare as they pass
Please don't feed or provoke
Or tap on the glass
Bet you never felt quite like that
You could say, don't complain where I'm at

Manning my stations
Taking control of the situation
Say hello to my force field
You won't see me cry
(You won't, you won't)
You won't see me die
The escapade still exists of the task
Of pullin' off a miracle, out of my [Incomprehensible]
So don't get much better than that
A savvy fox, a loyal dog, a sunny cat
Manning my stations
Taking control of the situation
Say hello to my force field
(Say hello to my force field)
Say hello to my force field
(Say hello to my force field)
Say hello to my force field

Say hello to my force field
