

Magma Arrives

John Grant

We see our hero in his chambers now
Luxuriating all the water beds
He should enjoy it if he can somehow
Cause soon he'll wish that he were dead
Did you hear the one about the monkey's paw
Some people dig that sort of thing
Well this will be much worse I promise you
He'll never see another spring
Magma arrives
With fire in his eyes
He says it's time to fill our hero's veins
With shame that runs so deep
It makes impossible to sleep
Affecting countless destiny's and lives
Magma arrives
With fire in his eyes
He says it's time to fill our hero's veins
With shame that runs so deep
It makes impossible to sleep
Affecting countless destiny's and lives
Your face will melt right off your skeleton
You see his bite is much worse than his bark
You cannot take it back you made your bed
This won't be no damn walk in no damn park
You won't be able to hide anything
There will be no place to put the blame
It's almost tempting to feel sorry for him now
But can you guess what is my name?
Magma arrives
With fire in his eyes
He says it's time to fill our hero's veins
With shame that runs so deep
It makes impossible to sleep
Affecting countless destiny's and lives
Magma arrives
With fire in his eyes
He says it's time to fill our hero's veins
With shame that runs so deep
It makes impossible to sleep

Affecting countless destiny's and lives
Magma arrives
With fire in his eyes
He says it's time to fill our hero's veins
With shame that runs so deep
It makes impossible to sleep
Affecting countless destiny's and lives
Magma arrives
With fire in his eyes
He says it's time to fill our hero's veins
With shame that runs so deep
It makes impossible to sleep
Affecting countless destiny's and lives
