

# Always You (Junior Vasquez Remix)

Jennifer Paige

I see a mystery ship out on the water  
I wonder where it's sailing to  
Is someone waiting in some other harbor  
These fantasies they blow my way  
Like sirens to a fool  
And in the stillness of my soul  
I keep returning to [Chorus]  
Always you  
You know I live on the wind where love runs free  
I come back to you  
Always you  
And when I fall to earth you're always there for me  
I come back, I come back, I come back to you Looking at myself 'til the mirror shatters  
I hear a madman sing his tune (he says)  
It's only love that ever really matters  
I wake up in this dream tonight  
That's when I see the truth  
Of all the faces in my heart  
There's only one I choose [Chorus]
