

Keys to the Kingdom

Group 1 Crew

Thy kingdom come
let your will be done
on Earth as it is in Heaven

Verse 1

They say we're all in the pursuit of happiness (a life so fabulous)
so we fight for what's ours like an activist
the struggles here we can find across the atlas
and it all started when Adam gave up his own palace.
Now the earth waits for its' rightful owner
2000 years ago the second Adam told us
the kingdom is at hand
died for the sins of man
just so He can bring us back to its original plan.
Well we rule over the land (yea)
and meet every demand (yea)
and nature awaits for us keys to take a stand
but we need to understand (yea) that we can change the circumstances (yea)
the kingdom is in us so we choose when to advance.

Chorus

You got the keys inside this kingdom
lift up your head its only begun
keep holding on and you'll see the son
everybody's singin' now (everybody's singin' now)
you got the keys inside this kingdom
lift up your head its only begun
keep holding on and you'll see the son
everybody's singing now (everybody's singin' now)
ohhhhhh
whooaaaaa

Verse 2

I heard this thing that you would die for me
gladly gave your life for me
cry for me
all so i can call you when i'm so in need
the promises you'd spoken
my heart was always broken

cause you gave the keys to life
but in my pride i had them stolen
they say you still redeem us
bring us to a place where we can see the keys can never be stolen
they just misplaced
so we rise from the ashes
stand before the masses
proclaim the victory
you solved and so we (never give up)
keep the good times
get hard to understand (it's never enough)
for us to sit back and hope he has a plan (we have to stand up)
and face the cold with a boldness that is focused on the fact
we got the keys so just believe there's nothin closed
yeaaa

Chorus 2

and it's all because
You got the keys inside this kingdom (you got the keys)
lift up your head its only begun (it's only begun)
keep holding on and you'll see the son
everybody's singin now (everybody's singin' now)
you got the keys inside this kingdom (you got the keys)
lift up your head it's only begun (it's only begun)
keep holding on and you'll see the son (yeaah)
everybody's singing now (everybody's singin' now)

Bridge

you got the keys now
you ain't never given up on us
we ain't never given up the keys no
we ain't never no
we ain't never no

So many promises you gave (you gave, you gave, you gave)
and we just turned and walked away
but now I see the price you paid (price you paid)
was enough for us to live victorious

yea
yea
yea
yea
victorious
yea

yea

yea

yea

Chorus/Reprise

lift up your head its only begun

keep holding on and you'll see the son

everybody's singin now (everybody's singin' now)
