

I Dare You

[Shedaisy](#)

God only knows how I've needed a friend
Who can see through the boldness and pride
Someone strong enough to put my faith in
Someone willing to let me inside
So be a man and be my man
I dare you to need me like nobody else
I dare you to feel me like you've never felt
I dare you to want to want, want to be good to me
Baby, you've got your reasons dangling from kite strings
Can you open your hands and let them fly?
I know you won't always say and do the right things
But some things are worth a try
If you can, be my man
I dare you to know me like I've never known
I dare you to show me that I can be shown
Dare you to want to want, want to be good to me
Tell me I'm
Tell me I'm the one who deserves you
And every time
Every time you know that you want to
Yeah, I dare you
I dare you to hold me like you never will again
Kiss me and leave the earth standing still
Dare you to want to want
I dare you to need me like nobody else
I dare you to feel me like you've never felt
Dare you to want to want to want to be good to me
Yeah, I dare you to want to want want to be good to me
