

# Houston Is Hot Tonight

## Iggy Pop

Bright lights, Houston is hot tonight  
Arabian shieks and money, up in the sky  
Now I don't mind, a bloodbath  
When I've got oil, on my breath  
[Unverified] eye to eye  
Houston is hot tonight  
My brain is tired of the wind  
Chicago winters, just do me in  
They've got a moon man, on the telephone  
Project X, hey, Houston control  
[Unverified] eye to eye, Houston  
It's like, what's happening?  
Houston is hot tonight  
Houston is hot tonight  
Houston is hot tonight  
Houston is hot tonight  
Houston is hot tonight  
Houston is hot tonight  
Houston is hot tonight  
Houston is hot tonight
