White Sea

Hide your babies, I can travel through time
I'm the girl who makes it out alive
No love lost for your little childs
'Cause I'll steal your men and I'll seduce your wives I'll drink your wine and I'll slap your wrists
I'll spin your clocks and I'll gut your fish
I'll fuck you blind and make a run for it
Screaming eh oh oh no oh no Hide your money, I can travel through walls
Cut me open to bury the wrong
Like a devil cat with endless lives
I will steal your men and I'll seduce your wives I'll drink your wine and I'll slap your wrists
I'll spin your clocks and I'll gut your fish
I'll fuck you blind and make a run for it
Screaming eh oh oh no oh no I'll drink your wine and I'll slap your wrists
I'll spin your clocks and I'll gut your fish
I'll fuck you blind and make a run for it
Screaming eh oh oh no oh no I'll drink your wine, I'll slap your wrists
I'll spin your clocks, I'll gut your fish
I'll drink your wine, I'll slap your wrists
I'll spin your clocks, I'll gut your fish
I'll drink your wine, I'll drink your wine
I'll fuck you blind, I'll fuck you blind I'll drink your wine and I'll slap your wrists
I'll spin your clocks and I'll gut your fish
I'll fuck you blind and make a run for it
Screaming eh oh oh no oh no I'll drink your wine and I'll slap your wrists
I'll spin your clocks and I'll gut your fish
I'll fuck you blind and make a run for it
Screaming eh oh oh no oh no I'll drink your wine and I'll slap your wrists
I'll spin your clocks and I'll gut your fish
I'll fuck you blind and make a run for it
Screaming eh oh oh no oh no
Screaming eh oh oh no oh no
