

Atmosphere

Luminate

Something's changing in the atmosphere
I can feel it, You are near
I feel weightless in this place
I am lost in Your embrace
Something's changing in the atmosphere
You're near, You're near You've opened up my eyes to Your glory, Lord
I've tasted and I've seen and I want more
I stand here amazed, I'm falling on Your grace
I've tasted and I've seen and I want more Something's changing in this heart of mine
Chains are breaking as You redesign
I am Yours, I'm in Your hands
I give my life and I take Your plans
Something's changing in the atmosphere
You're near, You're near You've opened up my eyes to Your glory, Lord
I've tasted and I've seen and I want more
I stand here amazed, I'm falling on Your grace
I've tasted and I've seen and I want more, oh, I want more
'Cause I need more, oh, I need Your love Something's changing in my atmosphere
You're here, You're here You've opened up my eyes to Your glory, Lord
I've tasted and I've seen and I want more
I stand here amazed, I'm falling on Your grace
I've tasted and I've seen and I want more You've opened up these eyes to Your glory, Lord
I've tasted and I've seen and I want more
I stand here amazed, I'm falling on Your grace
I've tasted and I've seen and I want more Ooh, oh, ooh
Oh, I want more
Ooh, oh, ooh, oh
Oh, I want more
