I Love Your Goo

Crash Test Dummies

I love your guts, I love your goo
Your ugly blood, your creepy heart
The heart that's true to me and you
I thank youI'd eat your gum, I'd eat your goo
I love the blood that lights your eyes
And makes your lips the color blue
I thank youYour flesh and your insides
Your blood and your outsides
You're blameless and I'm shamelessI am the shit upon your shoe
Your creepy blood is in my heart
The heart that's true to me and you
I thank youYour flesh and your insides
Your blood and your outsides
You're blameless and I'm shamelessI'm in the mud, I'm in the goo
Your face is cold, your lips are blue
But your heart is true to me and you
I thank youYour flesh and your insides
Your blood and your outsides
You're blameless and I'm shameless
