

Down With Prince

Hot Chip

I'm sick of motherfuckers trying to tell me that they're down with Prince

I was just a baby when I heard him playing Vanity 6

And now it's such a ripoff got to get to my Electric Six

Show 'em how it's done I think you got to get shown up rich

Snare drums pound on the 2 and 4.

If you've got a kick drum get on the floor

? some more

All the ? get out the door

?

? if you know what I mean

?

Gettin' down with your royal badness

Been working night and day on my CV since I was seven years old

Didn't know a dollar from a sniff of your raspberry cologne

Ladies beg your pardon can I show no bitches good to go

Where were you ?

Snare drums pound on the 2 and 4.

If you've got a kick drum get on the floor

? some more

All the ? get out the door

?

? if you know what I mean

?

Gettin' down with your royal badness
