He Turned Me Out

The Pointer Sisters

I walked down feelin' sad and confused
Just out lookin' for someone to use
Have to find somethin' sweet and complete
Let these high heels hit the street nowSo I made my way to Tony's grill
That's a place where I could find a thrill
Saw a man who can fit the bill
I need love so bad I could killHe took control of me
The heart and soul of me
He gave me such good love
Now he's all that I dream ofHe turned me, turned me, turned me
Turned me, turned me out
He turned me, turned me, turned me
Turned me, turned me outI never knew how good it could be
He turned out the light
And turned on the love in me
In a flash, he touched me so deep
No more secrets I could keepHe set a spark in me
He lit the dark in me
He got that magic stuff
Now I can't get enoughHe turned me, turned me, turned me
Turned me, turned me out
He turned me, turned me, turned me
Turned me, turned me outHe turned me, turned me, turned me
Turned me, turned me out
He turned me, turned me, turned me
Turned me, turned me outHe took control of me
The heart and soul of me
He gave me such good love
Now he's all that I dream ofHe turned me, turned me, turned me
Turned me, turned me out
He turned me, turned me, turned me
Turned me, turned me outHe turned me, turned me, turned me
Turned me, turned me out
He turned me, turned me, turned me
Turned me, turned me out
