

# Something More

## Secondhand Serenade

I lie awake again  
My body's feeling paralyzed  
I can't remember when  
I didn't live through this disguise The words you said to me  
They couldn't set me free  
I'm stuck here in this life  
I didn't ask for There must be something more  
Do we know what we're fighting for?  
Breathe in, breathe out  
Breathe in, breathe out With all these masks we wore  
We never knew what we had in store  
Breathe in, breathe out  
Breathe in, breathe out The storm is rolling in  
The thunder's loud, it hurts my ears  
I'm paying for my sins  
And it's gonna rain for years and years I've fooled everyone  
And now what will I become  
I have to start this over  
I have to start this over There must be something more  
Do we know what we're fighting for?  
Breathe in, breathe out  
Breathe in, breathe out With all these masks we've wore  
We never knew what we had in store  
Breathe in breathe out  
Breathe in breathe out I've fooled everyone  
Now what will I become  
I have to start this over  
I have to start this over There must be something more  
Do we know what we're fighting for?  
Breathe in, breathe out  
Breathe in, breathe out With all these masks we wore  
We never knew what we had in store  
Breathe in, breathe out  
Breathe in, breathe out There must be something more  
Breathe in, breathe out  
Breathe in, breathe out  
There must be something more
