Sky Might Fall

Kid Cudi

What a world that I'm livin' in
Will the rainstorms ever end?
Still I feel my path narrow I run again
See happiness is gone againAnd then you see 'em gray clouds up above, man
Metaphor to my life, man
Still I feel my heart stronger then it's ever been
Strong will to my journey ends'Til then I roll more then I've ever rolled
Not pills but the marioll
Still I feel my eyes heavy when the days go
Nothing helping with my head doseBut I ain't sleepin', awake in another state
Livin' in a new space
Still I feel my mind runnin' at a steady pace
God help me so I'll win the race'Til then I call
The sky might fall, the sky might fall
But I'm not worried at all
Come on, come on
The sky might fall, the sky might fall
But I'm not worried at allHey, hey, I let 'em know some
I let 'em know some, I let 'em know some
You can listen up, listen up, listen up, listen up
Hey, I let 'em know some
I let 'em know some, I let 'em know some
You can listen up, listen up, listen up, listen upGrey clouds took together fam
Lining piercing to another land
Over the desert wit' the lost play
Soul searching each in every wayAn then you see the
Awesome sounds so profound within it'll grip you
You can see it if you hear, you can feel it too
Somethin' special I am runnin' to'Til then I go away, very far away
To another universe where all people say
Its a new, new place for the special to embrace
Like a Martian you seein' it wandered out the placeTake what you need from the valley of the hopeful
Even if you dry you'll be floatin' high above it
You can say bye, bye, bye
Sky might be fallin' but remember you can fly highThe sky might fall, the sky might fall
But I'm not worried at all
Come on, come on
The sky might fall, the sky might fall
But I'm not worried at allHey, hey, I let 'em know some

I let 'em know some, I let 'em know some
You can listen up, listen up, listen up, listen up
Hey, I let 'em know some
I let 'em know some, I let 'em know some
You can listen up, listen up, listen up, listen upI keep runnin', yeah, I gotta keep up, gotta keep up
Yeah, gotta keep up, gotta keep up
And I keep runnin', yeah, I gotta keep up, gotta keep up
Yeah, gotta keep up, I gotta keep up, yeah'Cause I'm gone, yeah, na, na, na, na, na, na, na, na
I'm up and away, na, na, na, na
You know what I'm about? Hey, hey
