Good On You

Native Run

Mama taught me
Don't make the first move
Act like a lady
Wait till they come to you
But I've been doing some thinking
I'm tired of sitting pretty
Well, I'm pretty sure you know
Exactly what I'm talking about

I think I look good on you
For I can't help it
I just do
Like a sunset on the water
Flower in the hair
And a preacher's daughter
Jet black on an old Corvette
A memory on your mind
You don't want to forget
Tell me, tell me
Do you feel the way I do
Cause I think I look good on you

I don't have to know your name
To know that we look good in a frame
Listen, I don't mean no harm by it
So what do you say, let's try it
I think you're gonna like it
Top to bottom
Up and down

I think I look good on you
For I can't help it
I just do
Like a sunset on the water
Flower in the hair
And a preacher's daughter
Jet black on an old Corvette
A memory on your mind
You don't want to forget

Tell me, tell me
Do you feel the way I do
Cause I think I look good on you

Like red on a SOLO cup
Hmm, yeah, that could be us
Cause I think you look good on me
That's something I like to see
Like a cherry on top of an ice cream sundae

I think I look good on you
For I can't help it
I just do
Like a sunset on the water
Flower in the hair
And a preacher's daughter
Jet black on an old Corvette
A memory on your mind
You don't want to forget
Tell me, tell me
Do you feel the way I do
Cause I think I look good on you

Yes, I do
