

Church Boy

Shamel Shiloh

Ay Ay Ay Ayeee

Iâ€™m about to get it moving like them south boys
Trick it out â€“ ride it low like west boys
Spit dem skillz â€“ lyrical like them east boys
But did you know I can praise â€œem like a church boy

Keep it cool like ice pops when the snow drops
Winter time summertime gotta praise the rock
Drop â€“ nah uh -I rise to the top
Move your shoulders clap your hands make you fingers pop
Stop â€“ sinning â€“ twirl like wheels spinning
Lifestyle is comfortable â€“ like fresh new linen
2 up 2 down HEY Virginia in the place
Hot like Miami â€“ so had to bring the bass bass
aint nothing new under the sun Iâ€™m telling you son
2000 years we still praising the son
it kind of funny how these cats battle over beats
truth its all small frys so squash the beef
canâ€™t sleep cause ya canâ€™t trust ya peeps in the streets
Start living for the Christ and you can have true peace
Whoa day â€“ shorty â€“ just holy ghost party
Did you just get saved well shorty its your birthday

Iâ€™m about to get it moving like them south boys
Trick it out â€“ ride it low like west boys
Spit dem skillz â€“ lyrical like them east boys
But did you know I can praise â€œem like a church boy

(Sean Israel verse)

I spit for the hud/hood son like Jennifer
Those stuck in sins cinema
I'm trying to get em out the noose like Jena was
6-6 books, you can pick em up
Above Christ there is nun/none - like ninja chucks
Christ plus Israel plus Mister Shiloh
Live spitting the word like a missile silo
From the east coast to the down bottom
We gotta preach good news to the downtrodden

We gotta Dow Jones em, invest in they life
Cuz God scooped us up like Cold Stone, get the ice
its hot out here, but its not our idea
To make disciples, we gotta fight out here
You got the right idea if you submit to the King
Worship like Levites/Levis but don't submit to our jeans
Get to the King be4 the sky crack like splitting the screen

Iâ€™m about to get it moving like them south boys
Trick it out â€“ ride it low like west boys
Spit dem skillz â€“ lyrical like them east boys
But did you know I can praise â€œem like a church boy
