

# Monkey

## Lord Flea

Oh, my, my, little white lie  
I swear I'm gonna make it right this time  
It's like a radio turning way down low  
Telling me things I do not know I know  
Tonight, you will be mine  
Tonight, the monkey dies  
Tonight, you will be mine  
Tonight, the monkey dies  
Now who's to blame? We used to be the same  
Now you won't let me speak your name, what a shame  
It's a suicide, shut up and drive  
We're never gonna make the light but it's alright  
'Cause tonight you will be mine  
Tonight the monkey dies  
Tonight you will be mine  
Tonight the monkey dies  
Tonight you will be mine  
Tonight the monkey dies  
Tonight you will be mine  
Tonight the monkey dies  
Tonight you will be mine, oh  
Tonight the monkey dies, oh
