Corinne

Tom House

Oh Corinne
I've got a pain in my heart
I think it's because of you
'Cause they kicked me out of the forces
When I laid a hand on you
Oh Corinne
I take this pain in my heart
For just one more night with you
If they let me back in the forces
And I could lay my hand on you
I got my heart tied up now with a boom and a bang
I'm not gonna find you again x4
I got my heart tied up
I got my heart in a bind
She just wants to dance all the time x4
I got my heart tied up now with a boom and a bang
I'm not gonna find you again x4
