

# Everyday Girl

## DJ Rap

I'm an everyday girl  
Who's looking out for me  
In a throw, throw away world  
Where the blind can see Yeah I'm thinking about my situation  
And everything I've ever seen  
It's not about the world that fails me  
You know, it's basic humanity No wonder why, I sure don't count on nothing  
Believe the hype, I'm saying something A sensation sound vibing off as it replays  
High on higher ground and I'll be here always  
I'm an everyday girl  
Living in a throw away world I'm an everyday girl  
Take the pressure, take the pressure off me yeah  
Everybody has two faces  
Which one's looking at me, yeah I wonder why I sure don't count on nothing  
Believe the hype, I'm saying something A sensation sound vibing off as it replays  
High on higher ground and I'll be here always  
I'm an everyday girl  
Living in a throw away world I wonder why I sure don't count on nothing  
Believe the hype, I'm saying something
