Gone Away

Lam Rim

[Verse 1]It's on my mind to sit around and think about it
You know I like you so I'm gonna sing about it
I put my living inside you and dream about it
and now I need your loving don't wanna be without it
day and night sitting by the damn phone
tired like you trying to bring your man home
and when I hear you crying girl I cant't call
when all you need from me is just to say close
[chorus]gone away, I know your gone away
I know your gone away
I know your gone and I don't wanna live another day
gone away I know your gone away
how could you
gone away I know your gone and I don't wanna live another day
[verse 2]I tell you just to pray for me and move on
you tell me what you feel for me is too strong
and you been crying up for me for so long
and even though its right I'm feeling so wrong
and now you got me acting like i didn't know you
I'm not gonna be around here so I can't control you
but I can only tell you what I wanna show you
I'm your love but you can find someone better for you
missed you waking up in the morning
if I can see your face I'll apologize

but no matter how bad I want it
I know that I'll be with you in another life
missed you waking up in the morning
if I can see your face I'll apologize
but no matter how bad I want it
I know that I'll be with you in another life
[chorus]I heard your with somebody that treats you better
and even though before you stay with me forever
and now I'm seeing that will never be together
and I now I seen it coming from the damn matter
and I'm sitting lonely in this empty house
and all I got is memories to think about
and even though I'm broken ima make it out
and your loving is something that ima deal without

I missed you waking up in the morning
if I can see your face i'll apologize
but no matter how bad I want it
I know that I'll be with you in another life
I missed you waking up in the morning
if I can see your face I'll apologize
but no matter how bad I want it
I know that I'll be with you in another life
[chorus]
