Get Up Get Out

The Rosebuds

I won't be caged to the status quo
I'm not afraid to stand and say what people won't
We're all messed up

Broken hearts and broken homes
And if I know the way why would I wait
And simply carry on
(How could I carry on?)

The time is now, can't shut my mouth
I've got something to say
We can't stand by while this world just dies
So move with me today or get up, get out the way

So tell me now how this plays out
If we bow down don't stand our ground
We'll slowly fade away

So I choose to be a part of something supernatural
To go the road that goes against the grain
(There is no other way)
