

Blood of the Nations

Accept

For the right to be free,
We pay the wages of war.
For our dreams and ideals,
all that we are fighting for.
For honor and duty,
Nations we will defend
Securing our safety and peace
We will fight till the endAs allies we stand, in far away lands
Heeding the battle cry
We pay the price, with great sacrifice
The fuel of freedoms fireTogether we fight,
BLOOD OF THE NATIONS
We kill and we die,
BLOOD OF THE NATIONS
A noble cause
And the blood is on the handsWe leave behind our homes
to ensure the way of life
to avenge our brothers' murders
and stand up for what is right
For our countries and our future
our legions carry on
The War against the Terror
that we did not bring uponAs allies we stand in hostile lands
So the masses can be free
We pay the price with great sacrifice
and that's the way it has to be
Together we fight,
BLOOD OF THE NATIONS
we're brothers, hand in hand
We kill and we die,
BLOOD OF THE NATIONS
Cause war is hellWe pay with our lives
BLOOD OF THE NATIONS
Cause freedom isn't free
We bleed and we cry
BLOOD OF THE NATIONS
A soldier, lot
and he will make our standTogether we fight,
BLOOD OF THE NATIONS

We kill and we die,
BLOOD OF THE NATIONS
a noble causeWe pay with our lives
BLOOD OF THE NATIONS
Cause freedom isn't free
We bleed and we cry
BLOOD OF THE NATIONS
A soldier's lotBLOOD OF THE NATIONS
We pay with our lives
BLOOD OF THE NATIONS
Cause war is hell
