

Cry

Lasgo

Now I still wonder, why did you say goodbye?

 You let me stand here all alone

The pain inside my heart, it's tearin' me apart

 'Cause now I stand here on my own

 But now I cry myself to sleep

 Only you are what I need

 We can make it if we try

 I am nowhere without you

 I don't know what I should do

 'Cause my tears will never dry

 And I still wonder, why?

I hope that you will see how much you mean to me

 I don't understand why you have gone

The pain inside my heart, it's tearin' me apart

 'Cause now I stand here on my own

 But now I cry myself to sleep

 Only you are what I need

 We can make it if we try

 I am nowhere without you

 I don't know what I should do

 'Cause my tears will never dry

 And I still wonder, why?

It's like the flowers and the bees

Like the mountains and the trees

 The love I feel for you baby

 Like the desert needs the rain

 It will always feel the same

 The love I feel for you baby

It's like the flowers and the bees

Like the mountains and the trees

 The love I feel for you baby

 Like a desert needs the rain

 It will always feel the same

 The love I feel for you baby

It's like the flowers and the bees

Like the mountains and the trees

 The love I feel for you baby

 Like the desert needs the rain

 It will always feel the same

The love I feel for you baby
