

The Sun Has Failed

Marduk

It's cold in my veins
The sun has failed ascending from the crypts
Driven by hunger so strong
I am one with the night Silence... Only broken by the whispering of the wind
In the moonlit forest
My teeth- I want to let the blood float
Easy in my mouth and hot in my throat It's cold in my veins
The sun has failed
Darkness eats through the hearts and souls
Of lovers of god, his son and the holy ghost The sun has failed
Darkness spread its wings
Light drowns
