

# The Reason

## Julian Drive

I'm not a perfect person  
There's many things I wish I didn't do  
    But I continue learning  
I never meant to do those things to you  
    And so I have to say before I go  
        That I just want you to know  
        I've found a reason for me  
        To change who I used to be  
        A reason to start over new  
            And the reason is you  
            I'm sorry that I hurt you  
It's something I must live with every day  
    And all the pain I put you through  
        I wish that I could take it all away  
And be the one who catches all your tears  
    That's why I need you to hear  
        I've found a reason for me  
        To change who I used to be  
        A reason to start over new  
            And the reason is you  
            And the reason is you  
            And the reason is you  
            And the reason is you  
    I'm not a perfect person  
I never meant to do those things to you  
    And so I have to say before I go  
        That I just want you to know  
        I've found a reason for me  
        To change who I used to be  
        A reason to start over new  
            And the reason is you  
            I've found a reason to show  
            A side of me you didn't know  
            A reason for all that I do  
            And the reason is you
