

# Naughty on Xmas

3LW

You and me together alone  
Fireplace, watching the snow  
Holding me up in your arms  
Whatcha wanna do? I'm in the mood to put it down slow  
Catching you under the mistletoe  
Boy it's on, nobody will know what we do, so Tonight is just for you and me  
You can cut my Christmas tree  
Baby, it's alright to be naughty on Christmas I'll slide down your chimney  
Misbehave, it's cool with me  
Baby, it's alright to be naughty on Christmas Melody soothing the soul  
Baby, please don't say no  
I don't need to be in control  
Boy it's up to you I got a gift, I know you got mine too  
And you don't have to wrap it up  
You're all I want for Christmas Eve  
Baby, that's the truth No, we don't need no toys  
You give me Christmas joy  
We'll spend this holiday together  
Like all lovers do Tonight is just for you and me  
You can cut my Christmas tree  
Baby, it's alright to be naughty on Christmas I'll slide down your chimney  
Misbehave, it's cool with me  
Baby, it's alright to be naughty on Christmas I just want to lay and cuddle boy, I love you, babe  
Don't you feel like causing trouble on this Christmas day?  
If I had to choose it wouldn't be no other way  
I know it don't sound right but baby, it's okay Tonight is just for you and me  
You can cut my Christmas tree  
Baby, it's alright to be naughty on Christmas I'll slide down your chimney  
Misbehave, it's cool with me  
Baby, it's alright to be naughty on Christmas Tonight is just for you and me  
You can cut my Christmas tree  
Baby, it's alright to be naughty on Christmas I'll slide down your chimney  
Misbehave, it's cool with me  
Baby, it's alright to be naughty on Christmas Oh yeah, yeah, yeah  
No no, no no no no, on Christmas
