

# Night Of The Long Knives

## Malevolent Creation

Those who wield power  
Are not aware of limitations  
Advanced guard  
Ascending so begins  
The night of the long knives  
Death list is now achieved  
Four die every fifteen  
Bodies carted one by one  
Corpses cremated deep is done  
Sign of life  
One in the neck  
Reign of terror  
Beneficial effects  
Check off names  
Many dispatched  
Brutal force  
His chosen path  
Mad mans army  
Sent to appease  
Public private  
Atrocities  
Guns at the head  
Fear is well fed  
Intimidation  
Is better than death
