

# Treacherous

## Taylor Swift

Put your lips close to mine  
As long as they don't touch  
    Out of focus, eye to eye  
    Till the gravity's too much  
    And I'll do anything you say  
    If you say it with your hands  
    And I'd be smart to walk away,  
But you're quicksandThis slope is treacherous  
    This path is reckless  
    This slope is treacherous  
And I, I, I like itI can't decide if it's a choice  
    Getting swept away  
    I hear the sound of my own voice  
    Asking you to stay  
    And all we are is skin and bone  
    Trained to get along  
    Forever going with the flow,  
But you're frictionThis slope is treacherous  
    This path is reckless  
    This slope is treacherous  
I, I, I like itTwo headlights shine through the sleepless night  
    And I will get you, and get you alone  
    Your name has echoed through my mind  
And I just think you should, think you should know  
    That nothing safe is worth the drive and I would  
        Follow you, follow you home  
I'll follow you, follow you homeThis hope is treacherous  
    This daydream is dangerous  
    This hope is treacherous  
I, I, I I, I, I I, I, ITwo headlights shine through the sleepless night  
    And I will get you, and get you alone  
    Your name has echoed through my mind  
And I just think you should, think you should know  
    That nothing safe is worth the drive and I will  
        Follow you, follow you home  
        I'll follow you, follow you home  
        I'll follow you, follow you home  
I'll follow you, follow you homeThis slope is treacherous  
    I, I, I like it
