Too Many

Tarja

Many too many
Living their fears
Only few wonâ€™t fade away.

Not too many
Dacing their tears
When sunrise outshines the grey.

Che couldnâ€™t see the world within her hands,
So beautiful
No one could hear the silence calling her.

Missed forever, wonder why
Close and far, as you and I
Like ice flowers trapped in time.

What if I could rescue us
If I could fight back life
Break my pride
For a moment in time.

Many too many
Living their fears
Only few wonâ€™t fade away.

Not too many
Dacing their tears
When sunrise outshines the grey.

He coludnâ€™t heal the broken memories
A sacrifice
No one could read the silence in his eyes.

Just a canvas in the sky
Perfect sunset long denied
Spiritâ€™s flying
Birds that cease their wanderlust
Fall.

What if I could rescue us

If I could fight back life
Break my pride
For a moment in time
I could reach the sun
I could touch the stars
And youâ€™d stay
For a moment in time.

Many too many
Living their fears
Only few wonâ€™t fade away.

Not too many
Dacing their tears
When sunrise outshines the grey.
