

# Postpone the Pain

[Mark Chesnutt](#)

I'm dying to forget about those goodbye words you said  
I thought everything was right but you went and left instead  
No pain, no gain, well I'm not out to win  
All I really want to do is live to love again  
Trying to postpone the pain, Stay in from the rain  
Buy a little time, Keep you off my brain  
Get out and go insane, Stay off mem'ry lane  
Tonight I'll be flying, trying to postpone the pain  
Until that day arrives  
I'll spend all my nights  
Trying to postpone the pain, Stay in from the rain  
Buy a little time, Keep you off my brain  
Get out and go insane, Stay off mem'ry lane  
Tonight I'll be flying, trying to postpone the pain  
The best way to survive  
Is spending all my nights  
Trying to postpone the pain, Stay in from the rain  
Buy a little time, Keep you off my brain  
Get out and go insane, Stay off mem'ry lane  
Tonight I'll be flying, trying to postpone the pain
