

# Lipstick (feat. Sicc Made)

## Mr. Lil One

[Mr. Lil One]

\*Talkin\*

Yeah, you know how we do  
Lil Uno, and I brought my homie

Sicc Made

We're gonna break down

To all the bitches

And all the hoes

Here we go

\*Rappin\*

I got plenty of hoes

Freaky little 20 year olds

Centerfolds, callin on the cellular phone

They pluck, hook it up and get freaky

It's all good girl, where you wanna meet me

She said night life, and bring pornos

Bring your home boys, I got my home girls

Wanna f\*\*k all night and get nasty

Lil One can you please come and spank me

That's affirmative, ten four

Let me come and do you like a nickelbag hore

I love the way you moan every time that we bone

I love the dirty thoughts that you put ip in my dome

I love the way you wiggle every time I'm in the middle

I love the way you f\*\*k when you're f\*\*kin wit the Little

I love the way you keep it on the lo lo

And never let a mothaf\*\*ka know know[Chorus: Mr. Lil One]

I love the way you up on your lipstick

Baby can you suck on my big stick

I love the way you lick on your lips

I love the way you move when you strip

[2x][Siccmade]

Well it's that lowridin

Young thug Sicc Made

It's a trip man

So many hoes to get play

Mr. Lil put me up on the game

So it's mine time to shine

For the fortune and fameAnd trust me when I shine

Cause I'm always gonna glisten  
Wreckin mics in my pad  
Spittin out some playalistic  
Bitches, I ain't givin up no shorts and no losses  
Collectin my cheddar, organize like crime bosses  
Your lose is my gain and I still maintain  
Got to dykes in the back takin two dicks to the brain  
Sounds insane, my thought is that you dispise  
Most of the time I'm too high to realize  
How trifflin this hoes be  
Actin like they knows me  
Bitch don't know shit  
Except a smack from the n-u-t  
So to say but that's the way it is  
In that Diego, California, Biatch[Chorus][Mr. Lil One]  
I remember a day  
Saturday, TJ  
You were all up on a mothaf\*\*kin Ese  
Wigglin your ass every time that I passed  
Givin me some look, like some dick up in your ass  
Dance wit the Devil, the level's outrageous  
When my niggas slip and my dawg Macadascious  
Don't act like you don't know  
Cause me and you both, know you're a hoe  
So I remain insane  
Better watch your mouth when it comes to my name  
Game's for the players, but I be a coach  
Every where I go bitches givin up the chonch  
Askin me Lil' can you come across me  
Just like Slide, can you foundle me and floss me  
Double cross me, hang, dead  
Keep up on your knees and play wit my head[Chorus]
