Don't Preach To Me

The Skallywags

I was born into a country, baptized to a religion
Now I'm tied to precision
This was not my decision
I Did not give my permission
So.. don't preach to me
I'll Teach you how to survive
I wanna be alive, I don't wanna be a liar
He put the thorns around my head he never listens to a word I say

Oh Jesus is a cunt, you see
He makes all your decisions
Belivin' in religion
Is like living locked in prison, why there's so many of them?
Oh don't preach to me
'Cause I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
Now.. don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar

He put the thorns around my head, never listen to a word I say
He put the thorns around my head, never listen to a word I say
He put the thorns around my head, never listen to a word I say
He put the thorns around my head, never listen to a word I say
He said, he said, he said
So don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
Don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
He put the thorns round my head, never listen to a word I say
He put the thorns round my head, never listen to a word I say
He said, he said, he said
Don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
Don't preach to me
I'll teach you how to survive

I wanna be alive, I don't wanna be a liar
No..don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
Don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
Jesus is a cunt you see
It makes all your decisions
Belivin' in religion
Is like livin' locked in prison, why there's so many of them?
Don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
Don't preach to me
I'll teach you how to survive
I wanna be alive, I don't wanna be a liar
