Quit You

Tristan Prettyman

1 2 3 4Oh, oh ohh, oh ohh, oh ohh
Oh, oh ohh, oh ohh, oh ohhOK, so maybe
We're not meant to be
And the thing I feel
Is just a karmic thing
But I never loved the way I loved you
And I don't think my heart has ever been so true
'Cause I just can't seem to shake, wake, break it, or quit youOh ohh, no, I can't quit you, oh ohhI cannot sleep, when it's your lovin' I miss
You're like a fever that I'm coming down with
You said a lie, but I'm never heard no
You said to jump, but I never let go
'Cause I just can't seem to shake, wake, break it, or quit youOh ohh, no, I can't quit you, oh ohhWhat will it take to make you see
If only you would just choose me, oh
I'd love till the day I die
Then, forever, I will be satisfiedI'd be satisfied.Well, it'd be easier if you were just some guy
From some other town who didn't live close by
But you got me good and I can't quit now,
Yeah, I'm hooked on you and I'm freaking out
Because I just can't seem to shake, wake, break it, or quit you
Oh ohh, no, I can't quit you, oh ohh'Cause I just can't, just can't, seem to, seem to
I just can't, just can't, seem to, seem to
I just can't, seem to shake, wake, break it, or quit youOh ohh, 'cause I can't quit you, oh ohh
No, I can't quit you
and I'm always gonna miss you,
and I'm always gonna love you
Oh ohh
'Cause I can't quit you
Oh ohh
'Cause I just can't seem to shake wake break it or quit you
