Without You

Aj Rafael

Bucket full of tears
Babe you know I'm here
I'm here waitingClose your precious eyes
And just realize
I'm still fightingFor you to be with me
And sit under this tree
And we can watch the sunrise (we can watch the sunrise)Wake up, feel the air that I'm breathin'
I can't explain this feeling that I'm feelin'
I won't go another day without youI know it feels like no one's around
But baby you're wrongJust get rid of the fear
Promise that I'm here
I'll never be goneSo baby come with me
We can fly away and we can watch the stars shineAnd baby you can be my loveAnd this is me tonight
There's no more games and no more lies
And I know its right
'Cause of the way you look into my eyes
And when I hold you tight
The worries disappear
I'm glad your in my lifeWake up, feel the air that I'm breathin'
I can't explain this feeling that I'm feelin'
I won't go another day without you (without you)
Hold on, I promise it gets brighter
When it rains I'll hold you even tighter
I won't go another day without you (without you)And I wont go another day without you (without you)
